The Shedd-Porter funds are controlled by a Chicago, Ill., Trust Company. They made a real estate loan of \$7,500 that has defaulted in interest. Another loan of \$7,000 has been paid. It was reinvested in government bonds at a premium of 3½% and the Trust Company deducted the premium of over \$200 from our income.

We have examined the accounts of the Treasurer of the Shedd-Porter library for the year ending Jan. 31, 1933 and find them correct with proper vouchers.

REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Alstead :

I submit herewith my fifth annual report as Superintendent of Schools.

ORGANIZATION AND ENROLLMENT

Again we were fortunate in having but one change in the teaching staff since last year. Mr. Eldon Dustin, of Contoocook, Bates College, 1932, replaced Miss Laura Edney in the Village Advanced School.

For the third year the teachers at the Rhoades school are cadets from the Keene Normal School. The number of pupils in this school have increased each year. Next year the enrollment will probably be 14. Although the cadets sent have achieved good results in their teaching, I believe that, due to the increased enrollment, the time will soon come when the engagement of a regular teacher for this school might well be considered. It is likely that this change can be made with little if any increase in the total cost of teacher's salaries.

SUMMARY OF ENROLLMENT

School	Teacher	Enrollment, Jan. 31
Village Primary	Margaret Schnare	27
Village Advanced	Eldon Dustin	26
Alstead Center	Minnie Smith	13
East Alstead	Mildred Angier	20
Mica Mine	Lewis A. Snow,	19
Rhoades School	Keene Normal Cadet	12
Total enrollment,		117

BUILDINGS AND EQUIPMENT

The wood shed, for which money was raised at the last school meeting, has been built at the Rhoades school.

The interior of the Mica Mine school was refinished during the summer. A filled-in well near this school house has been reopened, cleaned and covered. The water has been analyzed and found to be suitable for use at the present time. The well at the East Alstead school has been similarly covered.

FINANCES

The School Board's estimate of expenditures for 1933-1934 is to be found on another page of this report.

Below are tabulated the amounts of the School Board's estimates for the years 1929-30 to 1933-34 inclusive, stating the estimated expenditures for elementary schools, and the total assessment required to cover budget and appropriations:

Year	For elementary schools	Assessment required
1929-1930	\$9,321.00	\$8,482.30
1930-1931	9,505.00	6,947.72
1931-1932	9,770.00	9,644.82
1932-1933	9,399.00	8,427.68
1933-1934	8,819.00	7,945.70

Economy in planning expenditures has made it possible to estimate the lowest amount to support the schools that has been estimated during the past five years. The total assessment required is also, with one exception, the lowest of the same period. Few items in this estimate can be further decreased without a corresponding impairment of the efficiency of the schools.
